Open Discussion

- How AI is Changing the Workforce
 - Reports of reduced entry level jobs
 - Depending on the source, anywhere from 30%-50% fewer positions advertised compared to last year
 - Where will our experts be in 10 years?
 - Sustainability of code produced by AI
 - Do we still understand the code we use?
 - Are devs thoughtfully using code?
- Is Prompt Skills the new expectation for Security Professionals?
 - Like Python was a decade ago and SQL was before that
 - Anthropic delayed the release of their new model Claude Myths because it was too good (worries of the abilities in the wrong hands)
- Using AI to find bugs
 - HackerOne stopped accepting submissions because of flood of submissions which were hallucinations
 - Mozilla partnered with Anthropic and found 22 zero-days that are **real** by using AI
- Is the bubble popping?
 - Sora2 shut down

Next Meeting

- May 19th
 - **Guest Speaker:** Andrew Brandt
 - **Topic:** Right to Repair and the Colorado Legislation Process
 - **Venue:** Virtual

Future Event

- Capture The Flag
 - Practice your skills in an isolated network
 - Help identify bugs and improvements
